MEMORANDUM FOR: Chairman and Members, BW-CW Subcommittee

SUBJECT: USIB Committee Reorganization

1. As you know the reorganization of the SIC has been under way for some months. The changes in responsibilities were approved by USIB today and will be formalized with publication of new DCIDs for STIC and WSSIC in the near future. The reorganization includes the transfer of three areas of responsibility from SIC to WSSIC. One of those areas is that covered by the BW-CW Subcommittee. Mr. Hineman and I have agreed that his committee will assume the new responsibilities immediately and therefore I am disestablishing the BW-CW Subcommittee as an SIC entity as of this date.

2. I feel that the division of labor between STIC and WSSIC will be beneficial for the Intelligence Community and believe that the responsibilities of the BW-CW Subcommittee belong more naturally with the committee concerned with current weapons systems although there are bound to be "gray areas" of overlapping concern. Mr. Hineman and I plan to maintain frequent contact and to keep informed of each committee's activities.

3. On behalf of the SIC, I want to thank each of you for your effective service with the BW-CW Subcommittee. This committee has been a major asset of the Intelligence Community for many years. The Committee and I personally appreciate your efforts and wish you well in your new relationship.

The "Look-down, Shoot-down" paper and the recent NIE contributions on Backfire are excellent examples of your fine work. The Committee and I personally appreciate your efforts and wish you well in your new relationship.
